49. Veterinary Jurisprudence and Ethic	Semester	1		

- VI. Minimum of professional elective credits: 32 credits
 (The maximum number of credits allowed for compulsory elective courses from other departments is 10 credits)
- VII. Other Regulations: The department's regulation is that students must complete and pass compulsory courses 1-45 before they are allowed to take courses 46 and 47
- VIII. Minor Degree: If a student intends to study for a minor degree, he/she will need to take 20 (or more) credits in addition to the department's minimum credits required for graduation. For more details, please see the bulletin of Division of Curriculum website.
- IX. Double Major: The graduation requirements for students in pursuit of a double major(department or degree program) shall be based on the relevant regulations applicable at the time (year) when the application was approved. Double major students not only have to fulfill all graduation credit requirements of their original major (department or degree program), they must also complete all core courses for the second major (department or degree program) in order to be granted a double major degree.
 - Undergraduate students who did not complete or are short of 40 credits for the second major must make up for those credits by taking courses designated by the second-major department or degree program.
- X. Students who are graduated from the study period of the senior high school less than 6 years will be required to take <u>at</u> <u>least 12 extra credits</u> in their graduation requirements.
